

Weekly Participation Assignment Technical Design 1

1. Write a one page report on something about drafting and design. A famous architect, an interesting building, a car, anything that interest you. What ever it is it was designed by someone. 1 page double spaced.
2. Read a newspaper or internet article about architecture, Print off or turn in the first page of article and ½ page written summary of your thoughts about the article.
3. Sketch something. Either a picture of a building or an actual building anything that you would like that was designed in some way. Anything that is interesting to you.

Each week these assignments are due on the first day that week of class. If the first “B” day is Monday it is due on Monday if it is Tuesday than it is due on Tuesday.
½ Points if turned in late.

The assignment is worth 20 Points.
